

BIO

OVERSTIMULATED is a Copenhagen band that plays dirty, fast and furious punk rock!

The band released their debut album 'OVERSTIMULATED' in 2024 and has since played frequently in Denmark, Germany and Sweden.

"Die Hütte hat gekocht" wrote the reviewer in Hamburg, after being blown away by the band.

"Fuck off now" they say themselves, with a good dose of self-irony, and it must be experienced!
